

MANAGEMENT INFORMATION SYSTEMS TRAINING

TRAINING MODULE

- **Format:** Online self-learning module
- **Target group:** Students, Managers
- **Provider:** Comenius University
- **Certificate:** Digital badge
- **Duration:** 5 hours
- **Level:** EQF 6
- **Language:** English
- **Costs:** Free

This modular training provides a comprehensive overview of Management Information Systems (MIS) and their role in modern organizations. It focuses on how information systems support decision-making at operational, tactical, and strategic levels.

The training covers key topics such as IT infrastructure, data management, enterprise systems (ERP, CRM), cybersecurity, business intelligence, digital transformation, and project management of information systems. It also introduces emerging technologies and their impact on organizational performance and competitiveness.

Delivered through structured lectures, case studies, and quizzes, the course equips participants with the ability to analyze, evaluate, and effectively use information systems in organizational environments.
